## Super Cleaned New York White Wheat

**PHYSICAL DESCRIPTION:** Quality cleaned food grade wheat is the unground whole berry of New York soft white winter wheat. This wheat berry undergoes an intensive cleaning process that includes aeration, sizing, scouring and in-series metal detection. After extensive processing, this wheat meets physical, chemical, and microbiological standards for food.

**TYPICAL USES:** This product has universal application for the production of all types of wheat-based cereal products. It's food grade quality adds tremendous protection to the cereal manufacturing process and significantly enhances consumer safety.

**PACKAGE AVAILABILITY AND LOCATION:** Quality cleaned food grade wheat is produced exclusively in the heart of the soft white wheat growing region at King Ferry, New York. This product is available in one ton super sacks, food grade bulk trucks.

### QUALITY CLEANED FOOD GRADE WHEAT TYPICAL ANALYSIS:

MOISTURE	13.25 - 14.00%
PROTEIN	9.5 - 10.5 %
FAT	1.0 - 1.7 %
TOTAL DIETARY FIBER	9.0 - 13.0 %
BUSHEL TEST WEIGHT	58 # MINIMUM (post cleaning)
TOTAL DEFECTS:	Not to exceed 2.3 gm/lb.
